

January 12, 2007

To Sargon,

Wow Sargon, wow. I should have taken the advice of many people when they warned me about you and Bet-Nahrain. I have only myself to blame now, not anyone else. What exactly was all that about on your Tuesday program? Why all of a sudden are you praising me so highly? A few minutes later dumping me like a hot potato. People are not stupid Sargon, I had so many emails but unfortunately I can not send them to you because they are personal and it is not my right. They all say basically the same thing, they are in shock. Do you really want to know why I sent that letter to you with all those documents? To correct one, out of many, of the mistakes that you make on your program. At the same time I was feeling sorry for you. Every time when I visit the forums online I read all the postings where people attack you and call your TV station the factory of lies. I always knew you lied, but because you defended the Assyrian name, I tried to ignore it. When you started attacking people by your lies, and even me, it not being the first time, I said to myself enough is enough.

I had so much love and respect for you, but your Tuesday program made you lose every bit of love and respect I ever had for you. Firstly, why did you not read my letter when you spoke of me? Even though I did not send it to you to be read on your program, I was simply trying to correct you. You held it in your hand and started using your own words, not stating anything that I had actually said in the letter. Then you lied about why I have not been calling your program by saying that I must be very busy. Why didn't you tell them the truth? Did you forget Sargon? One Sunday morning last year on your program you said that one PARSOOPA wrote on the Bet Nahrain forum and said that the Catholics are one and a half billion in the world, and Shamiram (soorma khanim, saama) answered that PARSOOPA. You then said, "Good for you Shamiram, you did a good job answering that PARSOOPA. Bravo Shamiram." I was the PARSOOPA last year and this year I am the "great Sharleen, a true Assyrian, your dear sister"? I am sure you made the wicked witch of the west (Shamiram) very very angry by all your comments about me. Do you really think I will ever forget it? Never. Because if I had done anything wrong then I would have apologised to you.

The second lie that came from your mouth was that I said Babylon is a BETA (house). My God Sargon, where in my letter did I say that? What I stated was that it was Old Cairo (BABYLON). For your information, Old Cairo (BABYLON) is a big city with a population of 18 million. If you just took five minutes of your time and read those 3 documents that I sent you, you would not have made such a fool of yourself. Did you really read the documents at all that I sent to you? That proved very strongly that ST PETER was writing his letters from BABYLON the one in Old Cairo. Of course you did not. Even if you did read it, you would not have shown it on your TV screen, because it would have exposed your lies. Then you said not once, but twice, "nice try Sharleen, nice try." Well the same goes for you Sargon. You may not know it yet but you are the one who made a fool of yourself, not me. Because the letter and documents I sent to you, I had sent it to many people in Turlock, even Ireland, before you received it. Also thank

God for your beloved Charlet Karum for telling everyone in Modesto and Turlock why I am not calling. You see now? Well let us see who tried his best to prove Simon Peter went to Rome. You and your two deacons (shamasha), one from Sweden (Shamasha Aziz), and the other from Australia (Shamasha Michael Askaro, a follower of Bawai Soro, and wrote on the Bet Nahrain Forum that the reason he follows him is because there is so much corruption in the Assyrian Church of East). I sent you documents Sargon, to prove to you and you had nothing to argue. You've never been able to prove anything. Your argument, and those 2 deacons with you, was that the Bible does not say that Simon Peter went to Rome. I said the Bible does not say that he NEVER went to Rome. Your second argument was that St Paul did not mention St Peters name in his letter. I said St Peter did not mention St Paul's name in his letters.

A 2000 year old church with a great history, and with one and a half billion followers, which for the past 2000 years have said and claimed that St Peter went to Rome and built Jesus' church and he was their first Pope. And after 2000 years, you and 2 deacons want to prove that this isn't true? Hahaha! What exactly can you call this? Joke of the year for 2006? It was in May that my cousin and her daughter came and visited me in Scotland from Turlock. I'm sure you know of them because they are very proud and devoted Assyrian Christians from the Assyrian Church of East, and they are members of Bet Nahrain. We were watching your TV show one day and Mar Odesho was preaching. During his talk he said that Peter went to Rome and died in Rome. Me and my cousin and her daughter looked at each other in disbelief and had to question if we had heard that correctly. We were really surprised. Why did Mar Odesho not call your TV show and stop all that nonsense? Now that I think about it I can see it very clearly why he didn't call. Because he was too busy touring around Europe with his mistress. And both you and I know that is true, if you don't believe me just ask around London. Even your own bishops of the Church of East, in 1551, they knew that St Peters seat does not belong to their Church. That is why they overthrew Mar Dinkha Shimon and went to Rabun Hormis and picked up a monk called Soolaka who they sent to Rome to be ordained. They were very wise and intelligent. They knew the difference between wrong and right, and they knew that only the truth would set them free. The truth being that there is one seat only, and that seat is in Rome. Not like the nowadays bishops who are interested in money, fancy cars, and mistresses.

Sargon I have some questions for you and for all the people who think like you.

If St Peter was not in Rome please explain the following questions then...

1. Who was the Bishop of Rome?
2. Why is there universal evidence to show that St Peter was in fact in Rome?
3. Where did St Peter go for 25 years?
4. Where did he die?
5. How did his bones get to Rome?
6. Why has no other See claimed supremacy?
7. Why did no ancient writers claim the contrary?

Let us see what St Paul said in his letter to the Romans. Firstly he is writing his letters to the Romans BEFORE he got to Rome. In St Paul's Letter to the Romans Verse 13 he says, "You must remember my brothers that many times I have planned to visit you, but something has always kept me from doing so..." You can go ahead and read the rest yourself. Secondly, you said the Bible doesn't mention that Peter went to Rome. I say it doesn't mention anyone being in Rome. Let us see again what St Paul said in Verse 8, "First I thank my God through Jesus Christ for all of you, because the whole world is hearing about your faith. God is my witness, that what I say is true." So Sargon, if the Bible doesn't mention anyone being in Rome, who is the one that is preaching in Rome for St Paul to say that the whole world is hearing about this faith. And you know that Christianity spread to Europe from Rome, and from Europe to all in America. And Jesus said, "From their tree you will know them. The good tree will bear the good fruit, and the bad tree will be cut and thrown in the fire." I remember when you and your 2 deacons were trying to prove that St Peter did not go to Rome and was not the first Pope, you spoke about ST JEROME. This is exactly what you said, "Of course, St Jerome will say Peter went to Rome and he is the first bishop. Because he is one of them." It was not even one week after that, someone from either Arizona or Detroit, I can't quite remember, sent you a letter asking you if the Germans are Assyrian. You said of course they are, I will give you the best reference for that. Sargon... your reference was St Jerome, and you started praising him so highly just like you did to me the other day. I just could not believe what I was hearing.

Let me tell you a little bit about St Jerome. He is the best writer and most intelligent trustworthy person. His books are used in some of the best universities in the world, such as Cambridge and Oxford, also in the Britannica Encyclopaedia. And he is the first to translate the Old Testament from Hebrew to Latin. Sargon, you said in your TV show that you want me to post you proof that Nebuchadnezzar attacked and conquered Egypt. That is not a problem for me, in fact it's a piece of cake. Not only am I sending you numerous historical documents, but also from the Bible too. And as you promised when you receive it you will pick up from there and talk about it. I hope you can keep your promise. At the same time Sargon, I have sent you proof before about the real Babylon to prove that Peter wrote his letter from Babylon (Old Cairo), BUT you did not even show it. Why then do you ask me for more proof? You claim to be one of the most patriotic and best Assyrians. You should then know that Nebuchadnezzar conquered Egypt. That was not a very "nice try" from your side. Thousands of people watching your program will be wondering the same questions. I will wait and see if you are true to your word, then I will know where I stand.

Sargon, YOU put me in this position to write to you and say exactly what and how I feel in this letter. We are not children, and you have no right to treat anyone that way. Praising us one minute when it pleases you, and humiliating us when it suits you. I know I'm not the only one. What about Yutron? How many times thousands of Assyrians watched and saw you and your brother humiliate him on your program. And for all these past 35 years that Yutron put his reputation and money and his heart out there to support you. Is this the way you pay him back? It is very, very sad. During my 2 visits to London I have visited Yutron's family. They are one of the most wonderful, respectable,

traditional, and true true Assyrians that I have ever met, who stand for real Assyrian values. I've met every generation of their family and they're all the same. There are a few families that are like Yutrons, and they definitely do not deserve what you do to them. He is a 62 year old man with 5 grandchildren, how could you? Of course there are many more people out there you do this to. At the same time I am sending you some posting from the Bet Nahrain forum that your so called vice president (soorma khanim) wrote about me a few weeks ago. Someone by the name of "English Rose" made a posting on the forum and soorma khanim thought it was me because the IP address was in the UK. That unintelligent woman does not even know that England, Scotland, Wales, and Ireland are all part of the UK. There is 8000 Assyrians just in London and another few thousand surrounding London. There is Assyrian families in all these countries. Of course she was too much of a coward to mention my name. I had a phone call from America telling me to go and check the forum to see what that SAMA did to you. I did not have a computer at the time for nearly 6 months because it was broken, so I asked my daughter to print them at her friends house and bring them to me. Even if she didn't mention my name, a five year old child would know it was about me. Of course I don't expect from SAMA'S mouth, except for SAMA alone. It was really bad but one thing in her posting that bothered me was when she wrote,

"THEN WE ALWAYS KNEW THAT YOU WERE CATHOLIC."

WE? Who's we? You and her Sargon? Did you know I was catholic when you were taking my money? DON the stupid yet intelligent man knew she was talking about me and he mentioned my name and exposed her. Sargon I would like you to ask her who called her from London and told it was not me and told her who the real English Rose was? All she said to him was that she did not mention my name. But she did not deny it, that witch. She never once denied that the attack was towards me.

Well let me tell you Sargon and you too Soorma Khanim, the poison, and all who read this letter, THANK GOD ONE BILLION TIMES FOR THE BISHOPS OF THE CHURCH OF EAST IN 1551 THAT THEY OVERTHREW MAR DINKHA SHIMOON AND THANK GOD ONE BILLION TIMES FOR THE BISHOPS OF THE CHURCH OF EAST WHO PICKED UP SOOLAKA AND SENT HIM TO ROME. AND I THANK GOD A BILLION TIMES THAT I AM CATHOLIC, I WILL GIVE MY LIFE FOR MY CHURCH AND FOR MY POPE, BECAUSE IT IS THE TRUE CHURCH AND THE MOTHER CHURCH OF ALL! BECAUSE IT IS THE CHURCH THAT JESUS BUILT!

Sharleen Will (Scotland)

Long live Assyria!

Faithful to Assyria and to my church till the end!

P.S

Even if there was a slim chance that one day I would return to Bet Nahrain, your Tuesday program and her postings have made that now impossible. Not in a billion years will I come back.

Why Sargon? Why Shemiram? What have I done to deserve this? Was it because I am Catholic? This makes me think and wonder about the rest of the people that Sargon has pushed away. What happened to those that he has humiliated and disrespected especially, the dear to us all, Khasha Barkhoo? It was Khasha Barkhoo who was one of the most devoted members of Bet-Nahrain who's love and respect for AssyriaSAT and to Sargon was viewed by us all. It was only last month that Sargon was talking about Islam when Khasha Barkhoo called from Los Angeles, in a very nice and polite manner, asking Sargon to please not speak about Islam and quote from the Quran because it endangers the Assyrian people back home as see what happened when the Pope spoke about it. Sargon and a further two people agreed with Khasha Barkhoo. Not long after that Khasha Barkhoo's niece sadly passed away in Chicago. It was her wish that her uncle, Khasha Barkhoo, would conduct the funeral service. Khasha Barkhoo called Sargon Dadesho and asked him if he could announce the funeral arrangements on Assyria SAT. Disgracefully Sargon did not mention about the funeral resulting in Khasha Barkhoo calling Sargon back to see if he had forgotten about his niece's funeral. Sargon simply replied that he did not forget about the funeral and that the reasoning behind not mentioning the funeral was because Khasha Barkhoo challenged Sargon on his program. This is sad, very, very sad!

I would just like to add here, please, after you read all this I hope you do not try and judge or insult me. I am not doing this out of spite, for revenge, or attention. I still feel bad doing it but, enough is enough in staying silent and letting him portray himself as being such a faithful and loyal Assyrian, while us viewers have to accept everything he says and not question him. However, even if you judge me and call me every name, even if you shoot me with a bullet in my heart and it comes through my back, on that bullet with my blood will be written, "Proud Assyrian."

Sharleen Will (Scotland)
Very, very Proud Assyrian!
Long live Assyria!
Faithful till the end!
